surfaces hygienically clean

Spray **Aeris Active**

Wipe to ensure coverage

Leave to dry for effective
ongoing residual protection
against COVID-19, S. aureus
and E. coli bacteria

Rinse food contact surfaces
and items such as utensils,
cutting boards, cookware
with potable water before
re-using where required

PRODUCT OVERVIEW

- ✓ Hospital grade disinfection
- ✓ Protects against COVID-19 for 7 days
- ✓ Anti-bacterial protection for up to 30 days or 200 touches*
- ✓ Listed in the Australian Register of Therapeutic Goods – ARTG No. **AUST L 331860**

Aeris Active™ is compatible with the vast majority of both natural and synthetic surfaces prone to microbial colonisation.

Aeris Active™ helps long-term microbial control with its patented quat-polymer invisible protective film. This layer ensures that your surfaces remain germ free. The film does not impact how the surface is used, leaving the treated area cleaner and safer for a longer period of time.

Aeris Active™ provides multi-action benefits:

- ✓ Kills germs – broad spectrum bactericidal, fungicidal and virucidal
- ✓ Kills mould and mildew
- ✓ Removes surface discolouration caused by mould and mildew
- ✓ Leaves behind an invisible protective film

PRODUCT NOTES

Always refer to the product label instructions, SDS and IFU prior to use.

AERIS ACTIVE

**HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER
FOR USE ON ALL HARD SURFACES**

FEATURES & BENEFITS

- Broad spectrum bactericidal, viricidal and fungicidal activity
- A safer alternative to bleach
- Complies with Work Safe Australia guidelines for quaternary ammonium compounds
- Patented technology
- Leaves an invisible tack-free film
- Excellent cleaning properties and efficacy
- Readily biodegradable
- **HACCP approved**
- Highest efficacy in class
- Dual biocides with broad spectrum activity
- Validated long-term residual antibacterial and viricidal efficacy*
- Invisible, no build-up with continued use
- Universal hard surface compatibility
- Listed in the Australian Register of Therapeutic Goods – ARTG No. **AUST L 331860**

ZONES OF PROTECTION LAB TEST

Results demonstrating Aeris Active bactericidal effectiveness against *S. aureus* for 50, 100 and 200 touches.

Figure 1: Aeris Active surface with 50 touches

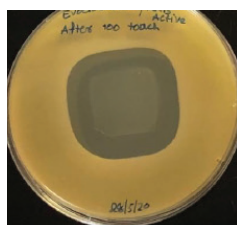

Figure 2: Aeris Active surface with 100 touches

Figure 3: Aeris Active surface with 200 touches

Product Code	Description	Dilution	Application Rate
AG-AA-750	Aeris Active 750mL	Ready to Use	As required (IFU-017 IND)
AG-AA-5	Aeris Active 5L	Ready to Use	

* Residual anti-bacterial for up to 30 days or 200 touches as tested against gram-negative *E. coli* & gram-positive *S. Aureus*.

Residual COVID-19 kills for up to 7 days.
