

# TRAP GUARD

ICC-ES Approval  
Report No. 2218  
PMG-1091

TRAP GUARD 為美國專利設計隔氣地漏，產品暢銷全球超過18年。可使用市面上普通的清潔劑作日常保養清洗，非常方便。底部的膠刷有自動回彈記憶功能，沖水後能自動回捲到原來位置。

TRAP GUARD 可有效分隔喉管的氣味，令氣味不會逆滲回室內，亦可防止喉管內的小昆蟲，從管道潛入室內。

- 美國製造
- 快速安裝，簡單方便
- 能有效阻隔水渠異味和氣體逆滲回室內
- 防止害蟲及病毒細菌等，從喉管走入室內，產生交叉感染，傳播病毒
- 參照 ASTM D 2665 標準製造
- 5年廠家保用，品質保證 (詳情以廠家保養條款為準)
- 提供經濟可行的隔氣方案
- 減低病毒傳播的潛在風險
- 無需額外找專門技工安裝，節省更多安裝成本

 (注意: 此產品不能使用帶腐蝕性之液體或有機溶劑等沖洗，例如鹼水及通渠水等)

# TRAP GUARD

TRAP GUARD is designed for the US patent for air-tight floor drains, and its products have been sold worldwide for more than 18 years. You can use common cleaning agents on the market for daily maintenance and cleaning, which is very convenient. The rubber pad at the bottom has an automatic rebound memory function, which can automatically rewind to its original position after flushing.

ICC-ES Approval  
Report No. 2218  
PMG-1091

TRAP GUARD can effectively separate the odor of the throat, so that the smell does not seep back into the room, and it can also prevent small insects in the throat from sneaking into the room through the pipe.

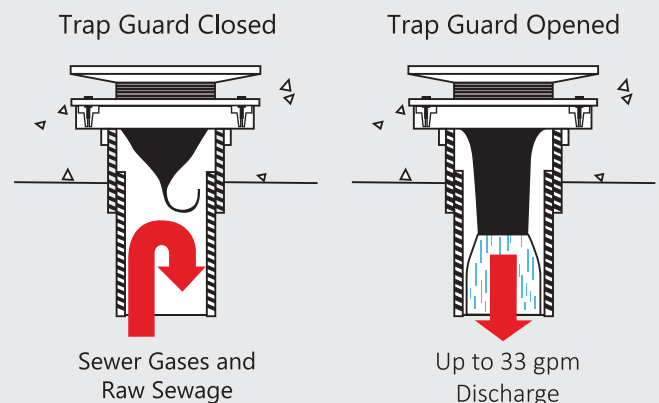

- Made in America
- Quick installation, simple and convenient
- It can effectively block the odor of the canal and the reverse osmosis of the gas back to the room
- Prevent pests, virus bacteria, etc. from entering into the room from the throat, causing cross infection and spreading the virus
- Manufactured in accordance with ASTM D 2665
- 5 years manufacturer warranty and quality guarantee (details subject to manufacturer's warranty terms)
- Providing economically feasible gas barrier solutions
- Reduce the potential risk of virus transmission
- No need to find a special technician to install, saving more installation costs

( Note: This product cannot be washed with corrosive liquids or organic solvents, such as acid, and drainage chemical )

Provides a physical barrier to sewage gases and raw sewage.

No requirement for a water connection.  
Trap Guard drains can be placed wherever there is a need.
